“2023 PERMANENT SITE”

UPDATED February 22, 2023

NEWS = DIRECT LINK TO
CURRENT STATE NEWS POSTED AS RECEIVED”

Sir Knights

I just completed an inventory of all the Grand Commandery Web Sites
ON-LINE!!!!

I was pleasantly surprised to find ONLY 6 sites not using the embedded
code I provided 2 years ago. **ie**

with the 2 letters of the state as shown “VA” for Virginia being used for
each your state’s documents.

My procedure has been to take your .pdf input and
“rename it (2 State letters) according to above and “file it in
www.knightstemplar.org/KTnews/states/” hence how it appears
on your web site every month with the monthly magazine link.

I suggest we continue this procedure!!!

Then the “2023 PERMANENT SITE “

<https://knightstemplar.org/wp/state-news/>

would always have your

**“CURRENT/LATEST NEWS. (when composed and
transmitted). Maybe still monthly?**
